

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

AUGUSTA

As it was sixty-seven years ago ; the most authentic information is from McCall's history of Georgia :

Augusta was incorporated in 1791. Previous to that time the government of the city was vested in commissioners, or trustees, who exercised over the town, church, academy and public lands such authority as the Legislature, by which they were appointed, chose to give them. This was the case until 1776, when the church was given into the hands of certain persons incorporated for that purpose. The remaining powers of the commissioners or trustees were further curtailed in 1798, by the act which incorporated the city ; which left them the ferry unsold lots and town common, which they have since held as trustees of the Richmond Academy.

The members of the first council were George Walker, James Pearre, Robert Creswell, Andrew Innis, Isaac Herbert, and William Longstreet. Immediately after their election, they met "at the house of Mr. Durkee," and chose Thomas Cumming, unánimously, as Intendant. Joseph Hutchinson was chosen clerk.

The first bridge across the Savannah, at this place, was erected by Wade Hampton, in 1791, according to a contract between him and the trustees of the academy, he agreeing to pay 50*l* per year for the privilege, and allowing all connected with that institution to pass over free of toll.

The first newspaper published in Augusta was called the "Augusta Chronicle and Gazette of the State," and was commenced in 1786. It was about one-fourth the present size of the Chronicle and Sentinel, and its "latest news from New York" was usually from three to four weeks old. This paper was continued under that title until 1836, at which time it was united with the States Rights' Sentinel, and is now the Chronicle & Sentinel.

The drama made its "first appearance" in Augusta, "positively for six nights only," in 1798, under the auspices of Messrs. Williamson & Jones, who "astonished the natives" on their first night with the comedy of "Three Weeks after Marriage."

Some curious presentments by grand juries have been selected from the books in the office of the Clerk of the Superior Court.

In 1782, the Grand Jury "present as a grievance the want of a house of worship in the town of Augusta, and other places in the country."

The same jury "present as a grievance that they have not been

8

furnished with the Acts of the General Assembly," and recommended that "some copies be sent to the printing office, that they at least have the privilege of buying them for themselves."

They also "present as a grievance the number of strangers coming from different parts of the country *without passes*, or giving any account of themselves."

..... is presented by the same jury "for hanging E..... L..... without any authority."

Here is one which appears to have had reference to some sectarian controversy. In 1794, the grand jury "present the *indiscreet* observance of public worship" as having "held the peaceably minded in terror of divine vengeance."

In 1790, "the number of negroes, calling themselves *parsons*, going about the country" is presented as a nuisance.

The same jury recommended the imposition of a fine "upon all persons erecting *wooden chimnies* in the town of Augusta.

If the growth of Augusta has been less rapid than that of many other towns, it has been of more healthy and permanent character—the result of steadily increasing wealth, population and business. Its numerous churches, schools, and other public institutions (in which respect it can challenge a comparison with any city in the Southern States) afford the best evidence of the moral and enlightened character of its population, in which we have the surest guarantee of its future prosperity.

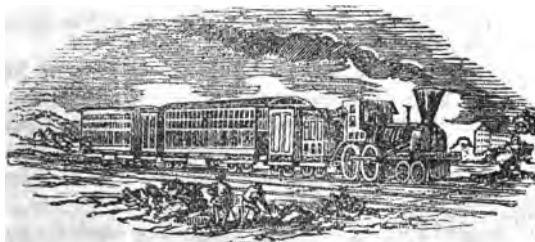

The population of Augusta in 1841 was 6,257, at present it is estimated at 18,000 inhabitants, showing an increase of population from 1841 to 1859, of 11,743.

The length of the city, ("including East and West Boundary Streets,") is 2 and 19-100 miles. The width, ("including East Bay and South Boundary Streets,") is 1 and 12-100 miles. The streets all run parallel to each other, North and South and East and West. Each street running North and South is numbered in its proper order, commencing on Bay-street with No. 1. Each street running East and West, is numbered in like manner, commencing on Reynold-street on North side at East Boundary, the numbers alternating on each side of each street.

The vote of the city in 1841, was 724 votes; in 1858 the list of Registered votes amounted to 1,241 votes, showing an increase of 517 votes since 1841.

Augusta is now in the highest state of prosperity and advancement. Her merchants for promptness, dispatch and business qualifications are not to be surpassed in any community. She can boast of her Cotton Factories, her Flouring Mills, Foundaries, Car Factories, Machine Shops and Work Shops of all kinds, and according to population will compare favorably with any city in the Union, and she is far ahead of any city in the South. Her facilities of communication by Railroad, River and Canal are unequalled in the South. Her march is steadily onward and upward.

JULIUS DARROW,

SUCCESSOR TO

ALBERT HATCH,

Would respectfully call the attention of Ware House and Commission Merchants to his large and well assorted Stock of

SADDLES, HARNESS,

WHIPS, COLLARS, BELTING,

SOLE AND HARNESS LEATHER,

of all varieties, both of his own and the best Northern manufacture.

Having made extensive additions to his stock, he is now fully prepared for the Trade, with every desirable article in his line, which he will sell at the lowest market prices at wholesale or retail.

His manufactory is now complete in every department, and he is prepared to execute all orders entrusted to him with neatness and dispatch, fully determined to sustain the reputation for manufacturing which Mr. Hatch has so long held.

Having every facility at command, he offers to Merchants (filling orders from their country friends,) unusual inducements and advantages, and respectfully solicits a share of their patronage.

NEW YORK.

My SUPER PHOSPHATE OF LIME is not an experiment; FOUR YEARS' TRIAL OF IT throughout the United States HAS PROVED ITS VALUE each year, and that it is of uniform quality.

Try it side by side with No. 1 Peruvian Guano, or any other Fertilizer, upon all *your Crops*, and see which is Cheapest, Safest and most Lasting. As a *top dressing* upon Grain or Grass, early in the Spring, it "will pay."

A D I S C O U N T

Made to Buyers of five tons or more.

For directions, Analyses and Certificates, see Circular, sent free upon application.

Observe that every Bag and Barrel of Hoyt's Super Phosphate of Lime is branded as above designated. **NONE OTHERS IS GENUINE.**

Full stocks kept constantly on hand at New York prices, freight added, by

GROVER & BAKER'S

JUSTLY CELEBRATED

SEWING MACHINES.

Sales Room, No. 255 Broad Street.

AUGUSTA, GA.

Price, from \$55 to \$100.

Reasons why the Grover & Baker's Sewing Machines is universally preferred for Family Sewing.

1st. It is more simple and easier kept in order than any other machine.

2d. It makes a seam which will not rip or ravel, though every third stitch is cut.

3d. It sews from two third spools, and thus all trouble of winding thread is avoided, while the same machine can be adapted at pleasure, by a mere change of spool, to all varieties of work.

4th. The same machine runs silk, linen thread, and common spool cotton with equal facility.

5th. The seam is as elastic as the most elastic fabric so that it is free from all liability to break in washing, ironing and otherwise.

6th. The stitch made by this machine is more beautiful than any other made either by hand or machine.

Certificate from Senator Hammond, of South Carolina.

WASHINGTON, D. C., Dec. 11, 1858.

In reply to your letter asking my opinion of Grover & Baker's Sewing Machine, I take pleasure in saying that they have more than sustained my expectations. After trying and returning others, I have three of them in operation on my different places, and after five years trial have no fault to find.

Respectfully, (Signed,) J. H. HAMMOND.

CERTIFICATE.

I hereby certify that I have bought of Mr. W. R. Schirmer, of the Factory known as the AUGUSTA FRENCH BURR MILL-STONE MANUFACTORY, from 80 to 90 pairs of Mill-Stones, and have put them in operation in various sections of this and adjoining States, and in every instance have found them good for the purpose they were put up for, and I take pleasure in recommending this establishment to the public in need of first rate Mill-Stones. I have always found them better in every instance than the Mill-Stone I have ordered from the North.

GEORGIA
SARSAPARILLA COMPOUND,
 OR
DENNIS' ALTERATIVE,
 IN PINT BOTTLES.

FOR PURIFYING THE BLOOD AND DISEASES OF THE LIVER.

In small doses, it is Alterative and Tonic; in large doses, it acts generally as a mild purgative. In some cases, there is no perceptible action on the bowels, yet in Liver Complaints, or in diseases arising from impurities in the blood, its continued use produces a marked improvement in the general health.

As an alterative or laxative, it has been found useful in Constipation of the Bowels, Jaundice, Billious Fever, Fever and Ague, Sick Headache, Dizziness, various Female Complaints, Chronic Affections of the Liver, Secondary Syphilis, and Syphilitic Diseases, Scrofulous Affections, Sores, Ulcers, Blotches, Cutaneous Eruptions, or Diseases of the Skin, and all other Diseases in which Sarsaparilla or alterative medicines are indicated.

For Females it is excellent in diseases arising from Debility or torpid state of the Liver, as well as to improve the complexion.

FOR CHILDREN,

This is the best medicine that can be given, especially to those in a debilitated state of health, or troubled with worms. It causes an increase secretion and passage of the bile, which acts as an irritant to the worms and prevents their accumulation and purifies and invigorates the whole system

ITS ADVANTAGES AS A DIET DRINK.

If the Bowels are kept free, the Liver healthy, and the Blood pure by the use of this Compound Sarsaparilla, it will prove a great preventative of sickness, and a great saving of expense in medicines.

With Balsam Copaiba, one ounce added to a bottle of this Compound Sarsaparilla, makes the Balsam more pleasant to take—much less of it necessary, and more certain to cure diseases for which it is considered the best remedy.

Price \$1.

Choice Medicines prepared by

J. DENNIS M. D.
 Augusta, Ga.

(over.)

DENNIS' STIMULATING, OR HOT BITTERS.

For Dyspepsia, Colds and Female Complaints, arising from Colds.

If food causes pain in the Stomach, a dose taken immediately after meals, or as soon as the uneasy sensation is experienced, will relieve the pain and assist digestion.

DR. DENNIS' STIMULATING LINIMENT.

OR SOUTHERN PAIN KILLER.

For Rheumatic Pains, Painful Inflammatory Swellings, Sprains, Pain in the Back or a Cold Sensation in the Back, Sore Throat, Toothache, &c. It has been found useful as an internal as well as external remedy for the relief of pain.

DENNIS' ANTI-SPASMODIC TINCTURE.

For Spasms, Cramp, Colic, Chills, Sudden Colds, or for all sudden and dangerous attacks of disease in which immediate action is necessary. Its effects in relieving inflammation or soreness, either internal or external, makes it one of the best remedies that have ever been offered to the public and useful in a great variety of diseases.

For Horses or Mules it rarely fails to cure even the worst cases of Colic.

DR. DENNIS' ASTRINGENT TONIC.

For Bowel Complaints, such as Diarrhoea, Pain in the Stomach, Gripping of the Bowels, &c.

DR. DENNIS' COUGH SYRUP.

For Coughs, Croup, Difficulty in Breathing. Asthma, &c.

DR. DENNIS' ANTI-BILIOUS PILLS.

A mild, Safe, and Effectual Purgative.
